

## Spectrabind RustAway

<b>Type</b>	Water-based acidic rust cleaning agent,
<b>Form Supplied</b>	Clear pale-green liquid,
<b>Uses</b>	Rust Converting Agent,

### Properties

Viscosity at 25°C,	<b>Value,</b>
Specific Gravity (25/25°C)	~0.01 Poise
pH	0.987
	<1

### Product Description

Spectrabind RustAway is a water based rust converter. It has been specifically formulated to give better penetration and hence reduce rust staining on a range of uneven surfaces where improved watability is essential to reach deep lying discolouration. It is particularly effective at removing rust stains from resin bound or resin bonded surfaces as well as epoxy, polyurethane, acrylic, and various mineral and wooden substrates.

### Product Application

Apply liberally using a watering can at approximately 2-3 sqm /litre. A second coat targeting more stubborn stains may be necessary. Work the material into the offending areas with a paint brush as needed. Rustaway is a rust converting agent and once applied should reduce the reformation of the rust. However, Iron staining may reoccur and we would recommend that once the treatment has been allowed to weather in that a sealer is applied to prevent further ingress of moisture. As a last resort, if all other attempts have failed, removal of the offending iron stain may be required. An effective patch repair should then be carried out.

### Storage and Shelf Life

Store out of direct sunlight in a well ventilated atmosphere, at 5-30°C. Wherever possible store in original unopened containers until needed. Shelf life is 12 months from date of manufacture.

### Safety Information,

Spectrabind RustAway is a strong acidic solution (see Material Safety Data Sheet corresponding to this product). Precautions must be taken to ensure that contact with skin and eyes is avoided. The product should also be used in a well-ventilated area, and should be washed away thoroughly after use using water. If this product makes contact with eyes or skin, rinse thoroughly and contact a medical professional immediately as necessary. Keep out of reach of children.,
